

APNIC

# Register now for Network Security Workshop

**Where:** EDULINK International Campus, Colombo, Sri Lanka  
**When:** 17-19 November 2015  
**Fees:** LKR 19,730 for APNIC Members  
LKR 29,590 for Non-Members

Examine the key concepts, protocols, and policies involved in establishing and maintaining security for a network while building an understanding and familiarity with their operation.

Participants are assumed to have a basic understanding of network operations and Internet technologies.

Join us if you are an engineer, network manager or operator, or security policy maker to gain an understanding of the threats you face and mitigation techniques.

**REGISTER NOW:**  
<https://training.apnic.net/events>

Proudly supported by:

If you are interested in having the APNIC Training team conduct a training event in your area, please contact [training@apnic.net](mailto:training@apnic.net)
